### 3. General Provisions

- 3.1. The Policy sets forth requirements that Bank complies with when categorising Client (determining Client’s Status), undertaking client re-categorisation and ensuring compliance with other requirements of applicable laws with respect to Client’s status and protection of Client’s interests while providing Investment Services.
- 3.2. The Policy becomes effective upon final approval by Bank’s Supervisory Board (Supervisory Board). All amendments and/or supplements to the Policy become effective upon final approval by the Supervisory Board.
- 3.3. Bank has formulated the Policy in accordance with the Act and directly applicable EU legislation.

### 4. Client Categorisation or Re-categorisation

- 4.1. Before commencing the provision of Investment Services, Bank categorises Client as a Retail Client, Professional Client or Eligible Counterparty, gives Client a written notice thereof, and undertakes the suitability assessment (intended to assess the suitability of investment services for Client).
- 4.2. Bank determines (identifies) Client’s status and categorises or re-categorises Client, i.e. changes Client’s original category, based on the criteria set forth in the Act and based on the Questionnaire responses and Client-related information possessed by Bank. In certain instances, when Bank decides whether to categorise Client as Professional Client category, Bank examines the documents that substantiate the information contained in the Questionnaire.
- 4.3. If Bank becomes aware that Client no longer fits the category into which he was originally categorised, Bank may decide to change Client’s category after having given Client a prior written notice of the re-categorisation.
- 4.4. Client may request to be classified into a different category which, accordingly, entails the change in the level of investor protection. - 4.5.   - prove Client’s expertise, experience and knowledge relating to the respective area of Investment Services
  - allow Bank to arrive at the conclusion that Client is capable of making appropriate investment decisions and of understanding the risks involved.
 To re-categorise Retail Client as Professional Client, Bank provides Client with a clear warning of the re-categorisation consequences and concludes the relevant written agreement with Client.
- 4.6. Bank informs Client of Client’s right to request for re-categorisation in the manner prescribed by the Act and Bank’s “Client Categorisation Procedure”.
